

Please use the "Drag Gate" for entry Friday evening in May: The track is rented and hot until 5 pm, so we cannot enter the paddock area until 6:00 pm Friday night. Please park in the gravel spectator parking lot while waiting for the 6:00 pm entry time, and obey all paddock marshals. We have the west half of the paddock area, just as for most weekends last year.

Gate entry Saturday and Sunday for competitors and crew will be through the "Drag Gate" and all others use the "Spectator gate".

Gate policy: Saturday and Sunday

Drivers, crew and guests:

You can buy two WCMA crew passes (hard cards) from Sue for \$10 each, good for the entire season, with no names on them, to pass to any of your crew or guests for use during any of the race events, to be returned to you by the person you give it to. Drivers must present their licenses and crew their passes (hard cards) at the NASCC gate before 10 am, or the Drag gate after 10 for no-charge entry. Beyond that if guests come before 10 am they can enter through the NASCC gate, the second entrance road, and pay \$20 for a weekend pass each. If they come after 10 am, they must enter through the Castrol spectator gate at the west end of the Spectator parking lot and pay Castrol \$20 per day.

Volunteer officials and workers should contact Sue to put their name on the entry list for the NASCC gate.
